THE WEEKLY SPARK

THE OFFICIAL NEWSLETTER OF MAR IVANIOS CBSE SCHOOL

A DAY WOVEN WITH LOVE, LAUGHTER, AND PRECIOUS MEMORIES

On 25 July, our school celebrated Grandparents' Day with immense joy and heartfelt affection, paying tribute to the unconditional love, wisdom, and lifelong guidance of grandparents. The celebration brought together generations, creating an atmosphere filled with warmth, laughter, and cherished moments. The celebration became even more memorable through engaging activities and fun-filled competitions, where grandparents enthusiastically participated alongside their grandchildren. Every smile, every cheer, and every shared moment strengthened the beautiful bond between young and old. Winners were honoured with prizes, making the occasion even more special and encouraging joyful participation.

More than a celebration, the day became a beautiful reminder that love grows stronger when generations come together. The event concluded with hearts full of happiness, leaving behind memories that will be treasured for years to come.

LEARNING BEYOND THE CLASSROOM: EDUCATIONAL FIELD TRIP TO PECHIPARAI DAM

Our Foundational Stage (KG to Grade II) students enjoyed an enriching educational field trip to Pechiparai Dam . Nestled amidst scenic hills and tranquil waters, the visit offered our little learners a wonderful opportunity to explore nature and understand the importance of water conservation through real-life experiences.

The trip was filled with excitement, curiosity, and joyful learning. As students observed the beauty of the surroundings and interacted with their teachers and friends, they developed a deeper appreciation for the environment while creating unforgettable memories. The excursion beautifully blended learning with fun, making it a truly meaningful experience beyond the classroom.

BUILDING CHILDREN'S FUTURE TOGETHER: PREPARATORY STAGE PARENTS' MEETING

The Preparatory Stage Parents' Meeting for Grades III to V provided a meaningful platform for management, parents and teachers to work together for the holistic development of every child. The meeting focused on strengthening the home-school partnership and fostering open communication to support students' academic, social, and emotional growth.

Teachers shared students' learning progress, strengths, and areas for improvement, while parents actively interacted with the faculty, exchanging valuable feedback and suggestions. The meeting concluded on a positive note, reaffirming the shared commitment of parents and teachers to nurture confident, responsible, and successful learners, truly reflecting the spirit of "Building Children's Future Together"

THE STORY OF ME: A JOURNEY THROUGH TIME

As part of the ESOL curriculum, the students of Grade VI Blue showcased their "It's All About Me" trifold boards, creatively presenting the story of their lives. Through photographs, personal milestones, hobbies, interests, achievements, family, and future aspirations, each board reflected the unique journey and personality of its creator.

The activity provided an excellent platform for students to enhance their English communication and presentation skills while celebrating their individuality. As they confidently shared their stories, they developed self-awareness, creativity, and confidence, making the experience a meaningful journey of self-expression and personal growth.

LANGUAGE POLICE PATROL TAKE CHARGE

To foster a vibrant English-speaking environment across the campus, our ILM Police Patrol were formally introduced during the school assembly and entrusted with their responsibilities. These student leaders will actively promote the use of English, encourage positive communication, monitor campus language, and motivate their peers to practise English with confidence in their daily interactions. With enthusiasm and a strong sense of responsibility, the ILM Police Patrol have begun their mission of transforming the campus into a space where English is spoken naturally, confidently, and consistently, inspiring every learner to become an effective communicator.

TOGETHER FOR NATURE: PLEDGE AND PLANTATION

On the occasion of World Nature Conservation Day, our school observed the day with a meaningful Nature Conservation Pledge and a tree plantation drive, inspiring students to become responsible custodians of the environment. With hands raised and hearts united, they pledged to conserve water, save energy, reduce plastic use, and protect all forms of life. Transforming their words into action, students then planted saplings across the campus, symbolising their commitment to nurturing a greener and healthier future. The pledge and plantation together served as a powerful reminder that every promise kept and every tree planted brings us one step closer to a more sustainable world.

A GLIMPSE OF LAST WEEK -

UPCOMING EVENTS

August 01 - Periodic Test - I Begins

August 11 - Periodic Test - I Ends

August 14- Sports Day
